

REACH Compliance Statement

Company Name: EDAC Inc
Company Address: 161 Alden Rd, Unit 7 & 8, Markham, Ontario, Canada, L3R 3W7
Website: www.edac.net
E-mail: support@edac.net
Telephone: +1 (416) 754-3322

The European Union's REACH Directive (EC 1907/2006) aims to regulate the Registration, Evaluation, Authorization, and Restriction of Chemical Substances. This legislation was finalized in December 2006 and has been effective since June 2007.

In response to the REACH regulation requirements, EDAC is committed to ensuring a reliable and compliant supply of its parts. To achieve this, we have contacted our suppliers to confirm that all necessary registrations of relevant substances in formulations, preparations, materials, or articles have been completed.

As of January 21, 2025, the Candidate List includes 247 SVHC. EDAC confirms that these substances are not intentionally added or used in the manufacture of our products. For the most current official version of the Candidate List, please visit the ECHA website: <https://echa.europa.eu/candidate-list-table>

While the vast majority of EDAC products do not contain any published SVHC, it is important to note that Lead (CAS No 7439-92-1) was added to the Candidate List on June 27th, 2018. A small number of EDAC parts may contain lead concentrations exceeding the specified limit of 0.1% (weight by weight). However, these articles remain compliant with RoHS 3 regulations under exemptions 6a/6c.

For specific SVHC information regarding parts purchased from EDAC, please contact us at Support@edac.net. We will provide detailed information on a case-by-case basis. For any further inquiries regarding EDAC's position on REACH compliance, please reach out to our customer service via email at Support@edac.net
